

## Department of Neurology Diversity Committee

### Body

The UCSF Department of Neurology Diversity Committee is composed of faculty, residents, and departmental staff committed to diversity issues within our department.

**Mission:** The purpose of the committee is to help improve diversity, defined across multiple domains, throughout the department both by serving as a liaison to the Hiring Committee and Education divisions in recruitment as well as exploring educational activities for the faculty and trainees that address diversity and its effects on the care of our patients.

The UCSF Neurology Residency is committed to a program that encourages diversity among its applicants. For further information see [diversity.ucsf.edu](http://diversity.ucsf.edu). [1]
